

- **Secure Fax**
- **Clear Fax**
- **Printer**
- **Scanner**
- **Copier**
- **PC Fax**

The **Model 390 All-In-One Secure Fax System** consists of a Brother 7225N, Plain Paper, Multifunctional Fax and one of our Model 90si Secure Fax Gateway's. This combination provides our lowest cost secure fax system. Capable of operating as both a secure fax as well as a standard non-secure fax, the system provides exceptional value and capability.

ALL-IN-ONE (FAX/PRINT/SCAN/COPY)

The Model 390 provides multiple office functions including Secure fax, Non-Secure fax, Laser printing with 2400 x 600 dpi output, PC fax, Personal copier, Document scanner.

LOW COST

The Model 390 is our lowest cost secure fax .

VERSATILE / PORTABLE

Because the 390 system consists of a commercial fax and one of our small 90si's, versatility is a given. Many groups use their 390 systems in their office. When they travel, they take their 90si, their Secure telephone and a Fax/Modem equipped Notebook computer, which together provides their portable secure fax capability.

COMPATIBLE

The 390 will communicate with all the other secure faxes in use by the US Government and can be connected to OMNI's, STE's, STU-III and other cryptographic devices with RS-232 data interfaces.

SECURE

The 390 can pass classified data at whatever classification level your key material can support. Also, we have modified the Brother fax to insure that no classified data can remain in memory.

Brother 7225N Specifications appear on the right.

90si Specifications can be found below and are available at on our web site at "<http://www.gwfs.com/90si.html>" or by contacting us.

OPTIONS and ACCESSORIES:

Part Number	Description
910	Automatic Fax/STU Switch for 1-Line Operation
90si-1Y	1 Year, Parts and Labor, Extended Warranty

First developed in 1992 specifically for the US Government "secure fax" market, the Easy-Fax 90si Secure Facsimile Gateway allows you to connect any Commercial-Off-The-Shelf (COTS) facsimile device to a STE, Omni, Sectera or other Secure Telephone/Crypto, providing limitless choices for secure fax communications.

CHOICE OF FEATURES

With the Easy-Fax 90si, you can select the feature set that best suits your needs. You no longer have to settle for what specially designed secure machines offer. Plain paper or thermal, low-cost or full-feature, rugged or office, multifunctional or PC based --- the choice is now yours!

CHOICE OF PRICE

The Easy-Fax 90si is the best choice for an economical secure fax system. By combining it with any of the multitude of low-cost commercial fax machines, you have a system that costs far less than specially designed secure faxes. Because the 90si can send both secure and non-secure documents, one fax machine does the work of two! And it's completely automatic.

CHOICE OF COMPATIBILITY

The Easy-Fax 90si ensures compatibility with the current and future network of secure faxes. And the 90si's unique protocol detection technology allows the 90si to select the proper protocol automatically. There are no front panel operator buttons or switches to worry about. Just place the 90si anywhere near your fax and Secure Telephone --- and forget about it.

CHOICE OF THE FUTURE

The Easy-Fax 90si can be used with any current or future Group 3 fax machine without sacrificing secure network compatibility. This leaves you free to economically upgrade your fax system as new products become available or as your requirements change. So explore your options. You'll find that one product protects your right to choose without sacrificing price or performance: GateWay Fax Systems' Easy-Fax 90si - the clear choice for secure facsimile. Explore your options!
